SWA Building Blocks

Sector Financing

- Medium Term Expenditure Framework which matches government priorities with available resources
- Realistic and transparent sector budget with identifiable funding streams
- Availability and use of data on financing streams including the 3Ts (taxes, tariffs and transfers) and comparable, realistic estimates for all sector cost categories for sustainable service delivery.

Comprehensive and realistic sector financing strategies

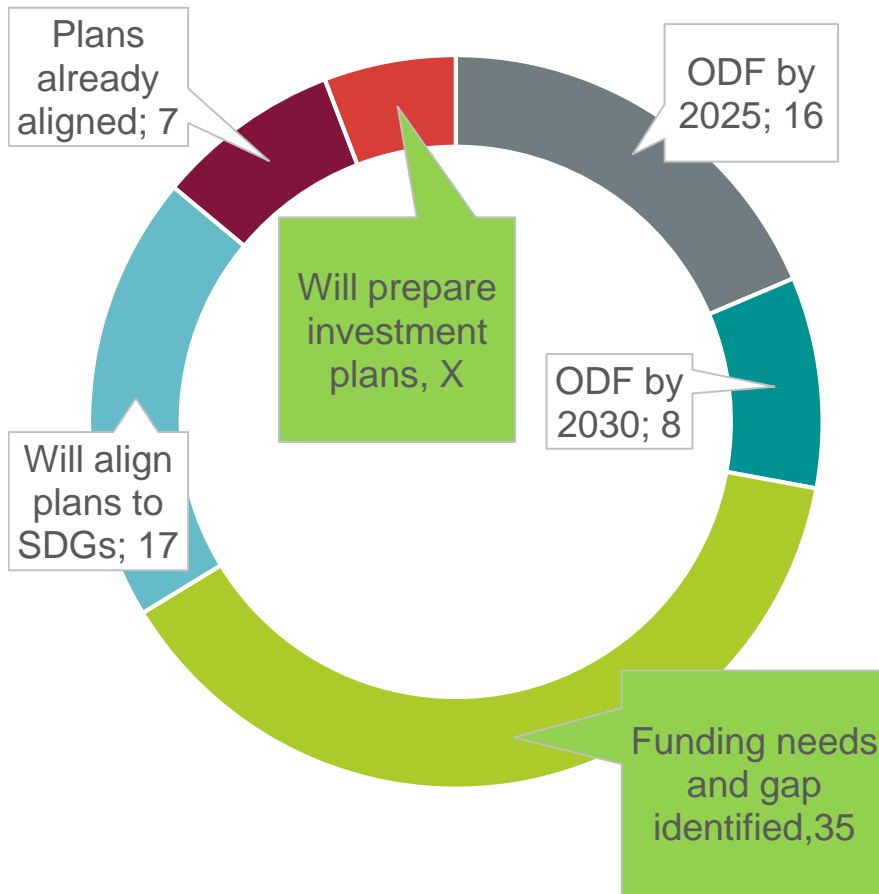

- Financing for the lifecycle
- Mobilize all available sources
- Transparency supports accountability

Partners should build the strategies with a goal of sustainability, equity and transparency

Progress since Addis

39 countries shared their overviews

- Country overviews reveal
 - Looking to public budgets for additional SDG financing
 - Dependence on aid
 - Persistent absorption challenges
 - Commitments > disbursements > expenditures
 - Sector viewed as high-risk for commercial private financing
 - Need for more analysis and strategies for closing the funding gap
